Iceland,

in the factory located at

Austurfjörur við Stokksnes,
Hornafirði, Iceland,

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body no. 1066, The Innovation Center Iceland (Nýsköpunarmiðstöð Íslands (NMI)), has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the harmonised standard

EN 12620:2002/A1:2008

were applied.

This certificate was first issued on 21 July 2009 and remains valid until 21 July 2014, as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the factory production control itself are not modified significantly.

Note regarding use:

This certificate permits the issue by the manufacturer of an EC Declaration of Conformity and, further to that, the use of the CE-mark, which is mandatory on the Icelandic market, for the products of the types listed above.

Place and date of issue:

Keldnaholt, 21 July 2009.
